

# PLASMA DONOR APPLICATION

Team ID: PNT2022TMID48003

DEPLOY IN KUBERNETS CLUSTER:

The screenshot shows the Kubernetes Dashboard interface. The top navigation bar includes the Kubernetes logo, a dropdown menu set to 'default', a search bar, and user profile icons. The left sidebar contains a menu with categories: Workloads (Cron Jobs, Daemon Sets, Deployments, Jobs, Pods, Replica Sets, Replication Controllers, Stateful Sets), Service (Ingresses, Services), and Config and Storage (Config Maps, Persistent Volume Claims). The main content area is titled 'Deployments' and shows a table with one deployment named 'jobportal' in the 'default' namespace. The deployment is in a 'Running' state with 1 replica. The table has columns for Name, Images, Labels, and Pods. The 'jobportal' deployment is associated with the 'jobportal' image and has a 'Show all' link. The 'Pods' column shows '1 / 1'.

| Name      | Images   | Labels   | Pods  |
|-----------|----------|----------|-------|
| jobportal | Show all | Show all | 1 / 1 |
